Arlington, VA – July 24th, 2009– Becky's Pet Care Inc, today announced they are offering the highest quality pet care 24/7 and 365 days a year. With families heading out for their summer vacation and some already gearing up for back to school, pets are in need of a little extra attention during these transitions. Whether you are looking for daily walks for your dog, extended cat sitting or need services for other types of animals, Becky's Pet Care has a professional staff that will come to your home and give your animal the royal treatment from the moment they arrive!

Becky's Pet Care Inc. has provided dog walking, pet sitting, and special care services in Northern Virginia since 1998 and they are truly a recognized leader in their industry through various awards and recognitions. "We provide an excellent value to Northern Virginia pet owners," stated Becky O'Neil, founder and President. "We continue to grow, even in a tight economy, because we provide what our clients need. They know they can count on our top quality service but we also have proven systems with checks and balances, an experienced and trained staff of employees, and a sterling reputation."

People love their pets and feel guilty when they leave home and have to leave their pets behind. As lives get increasingly busy, pet owners are finding that they have to leave their pets at home alone more often. When they hire a professional pet care provider from Becky's Pet Care, they know that they have left their pet in the best possible hands and can leave with home with peace of mind.

The certified staff of Becky's Pet Care Inc. receives top tier training to meet high expectations of both pets and their owners. All employees undergo a comprehensive background check as well as a thorough orientation and training process to make sure that they are equipped to handle any situation that could arise. Their caring and skilled pet care professionals have a great love for animals, which shines through during every encounter with a client's beloved pets! The company prides themselves with well respected staff through character traits such as: cooperation, teamwork and confidence. These essentials have created a truly positive environment which you will see in every staff member.

About Becky's Pet Care, Inc: Becky's Pet Care, Inc. (BPC) is a professional pet care and pet sitting company committed to providing outstanding service to its clients and their companion animals. Becky O'Neil, founder and President started a dog walking and pet sitting operation in the basement of her townhouse in November 1998, in response to the growing need for professional pet sitting services in Northern Virginia. From that modest beginning, BPC has risen to over 60 qualified employees to become a recognized leader in the pet care industry, thanks to its commitment to quality service and the dedicated performance of its staff. They offer convenient communication options including online scheduling 24 hours a day and a central office staffed 7 days a week to answer calls and emails. Additionally, flexible service and scheduling options are available to work with almost any budget.
